

Hi Guys....

Just a reminder that we are having our 10th annual pattern contest in Broken Arrow next weekend June 7-8.....2014.

The field will be open to practice on Friday and I'll plan to be there from at least 10am on.... The field will not be closed down to club members, but its never been an issue. Our mowing volunteer (Ken West) is going to try his best to have the mowing done Thursday evening, and the grass is growing fast these days.... Ken works for a living and if the weather doesn't cooperate, it could be Friday evening before the mowing gets done (worst case).

Registration will be as normal at around 8:30 Saturday morning and will be \$30, there will be hamburger and hot dog lunches both days for pilots and all helpers....

We hope to see you next weekend and look forward to hosting you....

Chris
